

Action Taken on the basis of above Analysis Outcome

It is assumed that majority of the parents do not involve much in the routine matters of the wards education. Therefore, a rational percentage was fixed i.e. 50% to ascertain their satisfaction level on the above questions. Below 50% shall be treated with concerns and remedial actions should be initiated to satisfy the parents expectations from the institute.

On the basis of the feedback forms collected and analyzed, apparently all the parents expressed their dissatisfaction on question no.3 i.e. Infrastructure of the institute i.e. 49%.

We have taken the opinion with a very warm welcome note and definitely improve upon on the areas to the satisfaction of the parents.

Action Taken on the basis of above Analysis Outcome

It is presumed that most parents do not actively participate in their children's daily educational matters. Consequently, we established a reasonable benchmark of 50% to gauge their satisfaction with the questions mentioned above. Any response falling below 50% should be a cause for concern, prompting us to take remedial actions aimed at meeting parental expectations from the institution.

Upon collecting and analyzing the feedback forms, it appears that a significant 41% of parents expressed their dissatisfaction with question number 5, pertaining to Cultural and Sports. We greatly appreciate this feedback and welcome it with open arms. We are committed to making improvements in this area to ensure parents' satisfaction.

Action Taken on the basis of above Analysis Outcome

It is assumed that the majority of parents are not actively involved in their children's day-to-day educational affairs. As a result, we have established a reasonable benchmark of 50% to assess their contentment with the aforementioned questions. Any response falling below the 50% threshold should raise concerns, prompting us to take corrective actions to align the institution with parental expectations.

Upon gathering and analyzing the feedback forms, it is evident that a substantial 49% of parents have expressed their dissatisfaction with question number 3, which pertains to the institute's infrastructure, and question number 5, concerning cultural and sports aspects. We genuinely value this feedback and embrace it wholeheartedly. We are dedicated to making improvements in these areas to ensure parental satisfaction.

Action Taken on the basis of above Analysis Outcome

It is generally assumed that the majority of parents are not actively engaged in the day-to-day educational matters of their children. In light of this, we have set a reasonable benchmark of 50% as a measure of their satisfaction with the aforementioned questions. Any response falling below the 50% threshold should be cause for concern and should prompt us to take corrective actions in order to better align the institution with parental expectations.

After collecting and analyzing the feedback forms, it is clear that a significant 49% of parents have expressed their dissatisfaction with question number 3, which relates to the institute's infrastructure, and question number 5, which concerns cultural and sports aspects. We highly value this feedback and wholeheartedly embrace it. We are fully committed to making improvements in these areas to ensure parental satisfaction.
