Brief Report	<p>Mangalmay Institute of Engineering and technology Greater Noida has Organized the Expert talk on Legal Structures and Ethical steps in Establishing Startups on March 2, 2023. Our chief Guest Dr. Ajay Pratap Singh, Professor, Department of Management, MIMT Greater Noida share their views and experience with our faculty members and students. He highlighted on how the generation of new ideas is possible through the organization. India is fast emerging as a start-up nation. The Indian technology landscape has seen a tremendous growth towards creation of innovative startups and has emerged as the 3rd fastest growing hub for technology startups in the country, The report analyses the current scenario and emerging trends across the various dimensions that define the Indian start-up ecosystem, and gauge India's position as a global start-up hub that is becoming attractive for investors, start-ups, & corporate. The report also details the current landscape, its growth factors, top trends, funding scenario, and key policies. Also, provides analysis on key industry verticals, incubators/accelerators, and the talent scenario. Minds of the younger generation have been opened up in the process of India's march into the liberalized era. Success stories of Indian IT, biotech and other high-tech companies and the exceptional performance of Indian entrepreneurs have begun to fire the imagination of younger minds and motivated the youth towards entrepreneurship and start-up venturing. Today innovation is a key behind technological development. Campuses are the right places to breed innovation. The scope given in present university system of</p>

technical education is not focused on Innovation and entrepreneurship. It aims to develop and support new and future entrepreneurs thereby striving towards building the capacity of a technology entrepreneur, identifying demand opportunity, developing a marketable product, patenting and licensing, building the right team, raising money and creating value for customer and ventures. The college aims to set up an incubation center that gives a forum for students to translate an idea into a fundable technology business. The cell also has an objective of equipping the faculty who are interested in and passionate about implementing programs by providing various trainings More than 150 participants from all over attended this expert talk.

Outcome

- A comprehensive view of business and entrepreneurial ethics requires an understanding of the difference between shareholders, a small group who are the owners (or stockholders), and stakeholders, a large group that includes all those people and organizations with a vested interest in the business.
- Clarity about the business idea. Market potential for the product or service. Skills in preparing business plan. Conducting project feasibility study.
