Activity Report	
Academic Year	2022 - 2023
Name of Activity	Sanitary Napkins Distribution
Date of Activity	22/12/2022
Organized by	Mangalmay Institute Of Engineering And Technology
Resource Person	Shri Tara Chand School, PiyawaliTejpur, Dadri, Greater Noida.
Objective	<ul style="list-style-type: none"> • Improvement in access and usage of high quality sanitary napkins to adolescent girls in rural areas. • To safe disposal of sanitary pads in an environmentally friendly manner. • To growing awareness among women about feminine hygiene has spurred the demand for sanitary napkins across the globe.
Brief Report	<p>It is in this spirit that MIET organized one day sanitary pad distribution programme. It was organized by Dr. GarimaShrivastava at Shri Tara Chand School, PiyawaliTejpur, Dadri, Greater Noida. Dr. GarimaShrivastava spoke about the necessity and importance of using sanitary napkins among young girls</p> <p>Sanitary napkins are used by women during their menstrual cycle. They ensure hygiene, comfort and confidence in women. They are a great boon to women as it assists them during their cycle. Only about 12% of menstruating women in India use sanitary pads. The rest use unhygienic material such as cloth, leaves and other material which is hazardous to their health.</p> <p>Sanitary pads were gifted to about 150 girls of school. The event was held with great zeal and enthusiasm. Students and teachers also participated enthusiastically.</p>
Outcome	Lack of menstrual hygiene management is a major reason for majority of the girls skipping schools during their periods and eventually dropping out at an early age and missing out on their education. Menstruation and menstrual

Report	
Academic Year	2022 - 2023
Name of Activity	Blanket and Sweater Distribution
Date of Activity	22/12/2022
Organized by	Mangalmay Institute Of Engineering And Technology
Resource Person	Shri Tara Chand School, Piyawali Tejpur, Dadri, Greater Noida
Objective	<ul style="list-style-type: none"> • To provide the old clothes and blankets to the needy by distributing them on streets, slum areas and providing Orphanages, Old Age Homes, etc. • To make winters bearable during the harsh winter months for homeless and poor people. • To exclusively meant for the needy people living under flyovers, near railway tracks, daily wagers at construction.
Brief Report	<p>22nd December 2022, MIET has organized the "Blankets and Sweater distribution Program" because every year many people in India die because of abnormally cold temperatures. India is mostly known for its hot climate but the months of December to middle February can be measured as bitter cold temperatures in various cities of the country. Honourable Chairman Sir distributed more than 200 blankets and sweaters amongst students and staff member of Shri Tara Chand School, Piyawali Tejpur, Dadri, Greater Noida. Sir believes in the motto that children of today are the future of our nation. Sir enthusiastically encouraged students for more study. He also promised that he will always help them. Their happy faces made our day.</p>
Outcome	<p>MIET believe in doing things for others, something good happens for you too. Doing a good deed like donating your old clothes will make you feel good because you're doing something for a worthy cause. You're getting rid of the clutter in your home and helping others at the same time.</p>

<p>परिणाम</p>	<p>वृक्ष धरती पर जीवन के लिए बहुत आवश्यक हैं। वृक्ष पृथ्वी को हरा-भरा बनाकर रखते हैं आज विज्ञान सिद्ध कर चुका है कि ये पेड़-पौधे हमारे लिए कितने महत्वपूर्ण हैं। वृक्षारोपण का महत्व इतना स्पष्ट है यह सही समय है जब हमें वृक्षारोपण के महत्व को पहचानना चाहिए और उसकी ओर अपना योगदान देना चाहिए। हमें अधिक से अधिक पेड़ लगाने चाहिए और हमें ऐसा करने के लिए आसपास के लोगों को भी प्रोत्साहित करना चाहिए। कार्यक्रम को सफल बनाने के लिए प्रतिभागियों में काफी उत्साह था। विशेष रूप से छात्रों में टीम वर्क की भावना, विचारों का आदान-प्रदान और प्रतिभागियों का उत्साह देखा जा सकता है। विद्यार्थियों व शिक्षकों ने पौधरोपण कर उनकी घेराबंदी कर पौधों को सींचा।</p>

सात दिवसीय शिविर रिपोर्ट

28 फरवरी 2022 से 6 मार्च 2022 तक

एनएसएस कार्यक्रम अधिकारी
डॉ यशपाल सिंह

रिपोर्ट : (सात दिवसीय शिविर)

मंगलमय इंस्टिट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी, ग्रेटर नोएडा की राष्ट्रीय सेवा योजना इकाई ने गाँव-बिरौंडा (ग्रेटर नोएडा) जिला-गौतम बुद्ध नगर में सात दिवसीय शिविर का आयोजन किया गया। शिविर का शुभारम्भ कार्यक्रम अधिकारी डॉ यशपाल सिंह द्वारा किया गया। यह शिविर 28 फरवरी से 6 मार्च तक चला। जिसमें संस्थान की ओर से 88 छात्र-छात्राओं ने हिस्सा लेकर समाज सेवा का संकल्प किया।

प्रथम दिन दिनांक 28 फरवरी 2022 (योग शिविर) :-

मंगलमय इंस्टिट्यूट ऑफ इंजीनियरिंग एंड टेक्नोलॉजी, ग्रेटर नोएडा की राष्ट्रीय सेवा योजना के अन्तर्गत प्रथम दिन योग शिविर का आयोजन ग्राम बिरौंडा ग्रेटर नोएडा में किया गया। शिविर में ग्रामीण लोगों को योग के लिए जागरूक कर विभिन्न प्रकार के योगासन कराये गये जैसे बद्ध पद्मासन, भद्रासन, भुजंगासन, चक्रासन, घनुरासन, गोमुखासन, आदि। योग से शरीर, मन, आत्मा और ब्रह्माण्ड को एक जुट करती है। योग एक प्राचीन पद्धति है। योग के द्वारा न ही सिर्फ बीमारियों का उपचार किया जाता है। बल्कि इसे अपना कर कई शारीरिक और मानसिक कमियों को भी दूर किया जा सकता है। सभी लोगों को समझाया गया कि योगासन शरीर को शक्तिशाली एवं लचीला बनाये रखता है साथ ही तनाव से मुक्त रखता है। जो हमारे दैनिक जीवन के लिए आवश्यक है। योगासन एवं योग की मुद्राएँ तन और मन दोनों को संचारित रखती हैं।

दूसरा दिन दिनांक 01 मार्च 2022 (स्वच्छ भारत अभियान) :-

मंगलमय संस्थान ग्रेटर नोएडा की राष्ट्रीय सेवा योजना इकाई के अन्तर्गत स्वच्छ भारत अभियान का आयोजन किया गया ग्राम बिरौंडा के लोगों को साफ सफाई के लिए जागरूक किया गया इस दौरान छात्रों ने ग्रामीण लोगों के साथ मिलकर ग्राम में रैली निकाली एवं स्वच्छता से सम्बन्धित स्लोगन लिखे हुए तख्तियाँ अपने हाथों में लिए नारे लगाये। छात्र छात्राओं ने गाँव परिसर के आस पास के क्षेत्र को पूरी तरह से साफ किया। संस्थान की ओर से कार्यक्रम अधिकारी डॉ यशपाल सिंह ने दो डस्टबिन, दो बाल्टी तथा साफ सफाई सामग्री ग्राम पंचायत भवन में रखवायी।

तीसरा दिन दिनांक 02 मार्च 2022 (प्लास्टिक बैन शिविर) :-

मंगलमय संस्थान संस्थान द्वारा ग्राम बिरौंडा ग्रेटर नोएडा में प्लास्टिक अभियान गतिविधि का आयोजन किया गया ग्राम प्रधान की उपस्थिति में कार्यक्रम की शुरुआत 10:00 बजे हुई। इसका संचालन कार्यक्रम अधिकारी डॉ यशपाल सिंह ने किया ग्राम वासी तथा छात्रों के साथ मिलकर अलग-अलग जगह पर सफाई करायी गई तथा लोगों को प्लास्टिक से होने वाले दुष्प्रभावों के बारे में बताया लगभग 80 छात्र छात्राओं ने पोस्टर तथा स्लोगन के द्वारा ग्राम रैली निकालकर लोगों को जागरूक किया तथा कागज से निर्मित बैगों का भी वितरण किया गया प्लास्टिक एक ऐसा पदार्थ है जो रसायनों से बना हुआ इसका प्रयोग प्रकृति के लिए हानिकारक है। मनुष्य के साथ साथ यह जानवरों की जान के लिए भी घातक है प्लास्टिक (पोलीथीन) के उपयोग के कारण पर्यावरण में पैदा होने वाला प्रदूषण नियंत्रण करना बेहद मुश्किल है। सभी छात्र छात्रों और ग्रामीणों ने भी प्लास्टिक उपयोग नहीं करने का आश्वासन दिया।

चौथा दिन दिनांक 03 मार्च 2022 (तम्बाकू निषेध शिविर) :-

राष्ट्रीय सेवा योजना को इकाई द्वारा चलाये गये तम्बाकू निषेध शिविर का आयोजन ग्राम-बिरौंडा ग्रेटर नोएडा में किया गया। सभी ग्रामीण लोगों तथा छात्र छात्राओं के माध्यम से रैली निकालकर लोगों को तम्बाकू के बारे में जागरूक किया। छात्र छात्राओं ने गाँव की चौपाल पर नुक्कड़ नाटक के माध्यम से तम्बाकू का उपयोग न करने की अपील की संस्थान की ओर से आये डॉ प्रदीप कुमार व डॉ ईश्वर सिंह ने कहा कि तम्बाकू का प्रयोग लोग बीड़ी, सिगरेट, पान मसाला, गुटका हुक्का तथा अन्य तरीकों के रूप में करते हैं। जिससे अनेक प्रकार की बीमारियाँ जैसे गर्दन, गले व फेफड़ों में कैंसर आदि हो रही है कार्यक्रम अधिकारी डॉ यशपाल सिंह ने कहा कि तम्बाकू के सेवन से मानसिक स्वास्थ्य पर कुप्रभाव पड़ता है।

पाँचवा दिन दिनांक 04 मार्च 2022 (साक्षरता अभियान) :-

राष्ट्रीय सेवा योजना को इकाई के स्वयं सेवकों ने संविलय स्कूल, बिरौंडा(गी० बुद्ध नगर) साक्षरता अभियान शिविर का आयोजन किया गया जिसमें संस्थान की ओर से लगभग 75 छात्र छात्राओं ने बड़ चढ़कर भाग लिया। संस्थान की ओर कार्यक्रम अधिकारी डॉ यशपाल सिंह ने शिक्षा के प्रति सभी ग्रामीण बच्चों के प्रेरित किया कार्यक्रम में डॉ प्रदीप कुमार व डॉ ईश्वर सिंह ने शिक्षा जागरूकता अभियान शिविर के तहत स्वयं सेवकों के साथ गाँव में रैली निकालकर

Activity Report	
Academic Year	2021-2022
Name of Activity	Plastic Ban Shivr
Date of Activity	18/08/2021
Organized by	Mangalmai Institute of Engineering & Technology Noida & Keshav Sankeertan Mandal Nyaash, Noida
Resource Person	Member of Keshav Sankeertan Mandal Nyaash, Noida Honourable Chairman sir
Objective	<p>The purpose of the day is mainly to reduce the single-use of plastic to an almost zero level so that they should not be dumped under the ground with wastes.</p> <p>It also works on promoting the recycling of plastic waste into a new plastic product to decrease the production of plastic.</p>
Brief Report	<p>With the same spirit, Member of Keshav Sankeertan Mandal Nyaash, Noida & MIET in Campus conducted Plastic Ban Shivr on 18th August 2021. The event was started at 11:00 am with the speech of honourable chairman Sir. The respected chairman sir said that the use of Plastic has become a global problem now a day. Almost all the countries are suffering from this indisposed problem. This is such a major problem that needs some strict decisions for its removal.</p> <p>Member also visited nearby campus as rally for the awareness about the harmness of plastic in life, environment and to our mother Earth.</p> <p>He also added that it will not be wrong to say that the Plastic Ban Shivr is a commendable step towards improving the health of the earth by removing the adverse effects of plastic. The first importance of this shivr is that it will help in spreading awareness about cleanliness among the younger generation of today. They will understand the value of cleanliness and also will promote it to their society.</p> <p>The Shivr is completely focused on eliminating the single-use of plastic from society so the removal of plastic will remove the problem of cancer by the consumption of goods packed in plastic. The lead, cadmium, and mercury present in plastic are quite toxic for health. Plastic is non-biodegradable and remains under land for many years without being degraded. The submerged plastic inland makes it infertile and useless. There are many other side effects of the use of plastic to save from which the Plastic Waste Management Campaign will prove to be helpful. The event is ended with a rally for</p>

<p>परिणाम</p>	<p>पीरियड्स ज्यादातर महिलाओं के लिए तनाव भरे होते हैं। लेकिन इन दिनों में स्वच्छता और साफ-सफाई रखने की बहुत जरूरत होती है। सापरवाही की, तो न केवल आपका स्वास्थ्य प्रभावित होगा, बल्कि यीस्ट इन्फेक्शन जैसी कुछ बीमारियों का सामना भी करना पड़ सकता है। इसलिए प्राथमिकता के साथ मासिक धर्म चक्र के दौरान अपने पैड को बार-बार बदलने की जरूरत है।</p>

Activity Report	
Academic Year	2020 - 2021
Name of Activity	Cloth Donation Program with Navratan Foundation
Date of Activity	25/01/2021
Organized by	Mangalmai Institute of Engineering & Technology Noida
Resource Person	Honourable Chairman sir Director sir and All Faculty members
Objective	<p>It helps conserve the earth's resources and prevent adding unnecessary carbon dioxide to the atmosphere.</p> <p>Many charitable organizations recycle a lot of used clothing items, too, so they can use it again to create new clothing pieces.</p> <p>It is also good for the environment and conserving natural resources, promoting thriftiness, and it also enables people in need to feel more confident about themselves.</p>
Brief Report	<p>MIET conducted a Cloth Donation Program with Navratan Foundation to provide warm sweaters to 200 girls of Shri Hariprasad Bhudevi Higher Secondary School of Musamuna village located 130 km southwest of Noida. The event was started at 11.00 AM at 25 Jan 21. The Program was organized by Mr. Arun Kashyap and Dr. Ishwar Singh and whole event was conducted with great zeal and enthusiasm.</p>
Outcome	<p>At the end of the event, student learn that Donating cloth is more about the what it means to support local charities or help those with less.</p> <p>Students can know that there are many people in need of usable clothing. There are disaster victims, underprivileged people, and children in need of clothing, and your donations can help. When you throw away your clothes, they have no chance of reaching people who need them the most.</p> <p>Lastly, students are aware that making new clothes takes hundreds of gallons of water, and the production of new textiles accounts for 10% of all carbon emissions on the planet. All of these things can be avoided if you donate your clothes for reuse.</p>

Objective	<ul style="list-style-type: none">• To educate people about the current pandemic through articles, videos etc.• To make them aware about our society's state of affairs• To make them capable of handling this difficult situation by providing them with the necessary resources such as masks and hand sanitizers and making them aware about the same.
Brief Report	<p>Mangalmai Institute of Engineering and Technology, Greater Noida conduct an awareness camp on "Distribution of Masks and Hand Sanitizers and Awareness Camp on the Covid-19 Pandemic"</p> <p>The event was conducted in Pari Chok at Greater Noida where there are many people who are needy and belong to under privileged sections of society. The target population were people from all walks of life. The place acts as a dwelling place for these people in a sense that it houses people together who belong from different backgrounds and strata of society mostly from the underprivileged sections of society. They live together in the same place. People come here and donate as well as distribute different things for the welfare of these people. We thought that it would be ideal to conduct the campaign here since majority of the people living there belong from disadvantaged sections of the society and hence are uneducated and unaware of their rights and duties and more importantly the current situation. Protection and prevention is very important time. We distributed Free face mask and hand wash for poor peoples and</p>

A Report on Awareness Drive-Ban on use of Plastic Items

Academic Year	2019-2020
Name of Activity	Awareness Drive-Ban on use of Plastic Items
Date of Activity	05-06-2020
Organized by	Mangalmay Institute of Engineering and Technology, Greater Noida
Program coordinator	Ms. Priya Sharma, Ms. Ambica Yadav, Ms. Alpana Singh
Objective	<ul style="list-style-type: none">• Enabling communities to make a meaningful environmental impact• Inspiring students and people to adopt sustainable values within their own live• Empowering them throughout the art of negotiation and self-guided research.• Reducing the single-use of plastic to an almost zero level so that they should not be dumped under the ground with wastes.• Establish environment-friendly plastic waste disposal solutions.
Brief Report	<ul style="list-style-type: none">• Mangalmay Institute of Engineering and Technology, Greater Noida conduct a awareness drive on "Ban on Use of Plastic Items" under the campaign "BeatPlasticPollution" living without throw away plastic goods and telling the world it's time to put a stop to plastic pollution. The program started at 10:00 am in village Jhatta. The faculty members and college students were present in this awareness drive. Plastic pollution has risen to be one of the most alarming situations in the world and has become a serious environmental concern. It may have started as a cheap alternative to make products long lasting and disposable, but its side effects are being felt now. Plastic had played such an important role in our lives that we feel it's not even possible to live in a world without it. Due to its wide usage on a large scale has led to a very little scope of getting rid of it completely. Plastic products, such as bags, cutlery like plates, spoons, straws, packed foods like chips; plastic bottles etc. don't fully degrade and remain in the environment for hundreds of years. The wrong disposal of such wastes lead to serious concerns in the environment, for instance; domestic animals like cows, buffaloes, dogs etc. get choked to death due to the intake of these poisonous products lying on the roads,

	<p>contamination of marine habitats with untreated waste, large landfills filled with plastic materials, and when it is burnt it releases toxic substances polluting the air and endangering life form. They also try to understand them to inculcate the habit of segregating the food waste and plastic waste in different bins. This will ensure that it will be recycled and does not end up in landfills or water bodies. They should refrain from buying single use plastic products and reuse, repair and recycle products. Plastic can be replaced with materials like, cotton, jute, glass, steel, wood etc. Even though we cannot completely vanish plastic from our surroundings but with everyone's individual efforts and small contributions towards plastic elimination can lead to a healthy environment. Our volunteers took initiative of Awareness program on the environmental damage through plastic bags.</p>	
Outcome	<ul style="list-style-type: none"> • No unnecessary plastic cups used only paper cups are used for serving tea, coffee, juices etc. • Together we must reduce, reuse and recycle • On a positive side, say no to plastic means saving up tons of plastic waste discharged into the ocean, reducing the risk of marine animals ending up dead because of the plastic waste ingestion, and encouraging the use of environmental friendly material. • We can reduce by purchasing items with the least amount of packaging and buying in bulk when appropriate. We can reuse by avoiding disposable items. • Finally we can recycle by using community recycling programs and purchasing products made from recycled materials.

A Report on Rally on Cleanliness Drive and Awareness

Academic Year	2019-2020
Name of Activity	Rally on Cleanliness Drive and Awareness
Date of Activity	02-10-2019
Organized by	Mangalmay Institute of Engineering and Technology, Greater Noida
Program coordinator	Ms. Mala Yadav, Ms. Priya Sharma, Ms. Vaishali Nehra
Objective	<ul style="list-style-type: none">• Create awareness among communities towards sanitation and cleanliness.• To bring about behavioral changes in the people towards sanitation and hygiene.• Motivating the communities for adopting a proper sanitation model for better health and life.• Improving the quality of life in rural areas through cleanliness and personal hygiene.
Brief Report	<p>Cleanliness is an essential part of good health and well-being. It has many benefits, such as improved health, reduced stress, increased productivity, and improved mental health. It can also help to reduce the risk of pests, improve self-esteem, save time, and improve relationships.. Keeping in mind the above statements. Mangalmay Institute of Engineering and Technology, Greater Noida organized an Awareness Rally on "Cleanliness Drive and Awareness" held at village Tugalpur, Greater Noida. The faculty members and college students were present in this rally.</p> <p>A clean and green environment is a basic ideology in sustainable development. A whole lot of diseases can be traced back to unhygienic environments and irresponsible waste disposal. Students and staff members participated in the march to create awareness regarding cleanliness among local people. The students led by the teachers carried placards displaying messages to sensitize people about cleanliness. Volunteers were heard shouting slogans to address the rural people on common issues.</p> <p>Faculty members stressed that there was need to make the children aware about maintaining proper sanitation and hygiene as they were future of the nation. They added that such activities should be organised so that more and more people could be made aware about the importance of Swachh Bharat Abhiyan.</p> <p>People of the village appreciated the initiative taken by the Mangalmay Institute of Engineering and Technology or spreading the awareness about cleanliness among people.</p>
Outcome	<ul style="list-style-type: none">• Good personal hygiene is one of the best ways to protect

A Report on Tree Plantation Drive on World Environment Day

Academic Year	2018-2019
Name of Activity	Tree Plantation on World Environment Day
Date of Activity	05/06/2019
Organized by Organised under Organising Person	Mangalmai Institute of Engineering and Technology, Greater Noida
Coordinator	Dr.Gaurav Singh, Ms.Vidhi Aggarwal,
Objective	<ul style="list-style-type: none">• Raising awareness on Environmental issues such as planting more & more trees, pollution, overpopulation, global warming etc.• Aim to focus on the importance of the environment & to remind students that nature should not be taken for granted.• Focus on the need to live sustainably in harmony with nature.
Brief Report	<p>Mangalmai Institute of Engineering and Technology, Greater Noida joined together to go green activity on 5th June 2019. The program started at 10:00 am in campus than rally visited to village Jhatta Greater Noida. The faculty members and college students were present in this program. Tree planting is recognized as one of the most engaging, environmentally-friendly activities that can help humans to participate for making planet pollution free when done properly. They not only contribute towards our mother land, but they also remove and store carbon from the atmosphere, slow down the heavy rain and thus reduce the risk of flooding and deforestation, improve the air quality, and reduce the urban heat island effect by reflecting sunlight and providing shade not only to humans but also animals. Tree plantation additionally urges vegetation to develop. Birds make their homes on the trees, subsequently adding to the beauty of nature. Birds additionally scatter seeds and pollen on the ground, resulting in the development of different plants. So, tree plantation expands the bio-</p>

A Report on Environmental Awareness on Fuel Conservation

Academic Year	2018-2019
Name of Activity	Environmental Awareness on Fuel Conservation
Date of Activity	14-12-2018
Organized by	Mangalmay Institute of Engineering and Technology, Greater Noida
Program coordinator	Ms. Mala Yadav, Ms. Ambica Yadav
Objective	<ul style="list-style-type: none">• Reducing fossil fuel usage decreases the effects of climate change, reduces oil dependence costs, increases energy sustainability and saves you money.• To provide every person with opportunities to acquire the knowledge, values, attitudes, commitment and skills needed to protect and improve the environment• Raise awareness and understanding of the link between environment and development.• To formulate strategies and promote measures for accelerating conservation of petroleum products leading to environment protection, energy security, and sustainable development.• To create awareness among the masses about the importance, benefits, and methods of conserving petroleum products & a clean environment by enhancing information and capacity building.• To promote research, development, and deployment efforts aimed at petroleum conservation & environment protection, support & facilitate efforts for adoption and dissemination of fuel-efficient technologies, and substitution of petroleum products with alternate fuels and renewable.
Brief Report	<p>Fuel conservation is a fundamental concept that most people need to understand. While talking about environmental issues, we must keep in mind that fuel wastage and maintenance are the two things that we must follow. There are two kinds of resources in this world – renewable resources and non-renewable resources, renewable resources can be recycled and reused repeatedly. Thus, they are not wasteful. Non-renewable resources refer to the ones that cannot be reused and recycled. These are wasteful and cause pollution. Fuels are also of two kinds. Fossil fuels like coal, petroleum, and diesel are non-renewable fuels. Keeping in mind the above statements. Mangalmay Institute of Engineering and Technology, Greater Noida organized an Awareness Program on "Environmental Awareness on Fuel Conservation" held at village Tugalpur, Greater Noida. The faculty members and college students were present in this program. Fuel conservation is essential to promote sustainable development. Fossil fuels like coal, petrol, and diesel take</p>

	<p>millions of years to form and cannot be renewed. It is a detailed chemical process, and they are not unlimited on Earth. Fuel conservation refers to conserving our natural resources so that our next generations do not have to suffer the consequences of fuel depletion. Using biogas and solar energy to cook food is an excellent way to start fuel conservation. Solar energy is unlimited and does not cause any pollution. Using battery-driven cars and motors in place of using petroleum assures the conservation of fuel. We must also empathize with the harm caused to marine life due to digging oil reserves in oceans and take steps to reduce it. Carpooling helps in reducing the petrol/diesel consumption by individual drivers. Switching off the vehicles at signals can conserve some petrol. Using cycles are a healthier option and an option to reduce fuel.</p> <p>In some India, using natural gas as a fuel for auto-rickshaws became compulsory to prevent the enormous smoke emitted. Fuel conservation helps us to make our planet a more habitable place. We must also acknowledge how scientists are continually trying to develop alternative sources of fuels. We must conserve and use fuel wisely to make Earth a better planet. People of the village appreciated the initiative taken by the Mangalmay Institute of Engineering and Technology spreading the awareness about Fuel Conservation among people.</p>
<p>Outcome</p>	<ul style="list-style-type: none"> • Being environmentally aware is essential. We must ensure not to pollute our precious nature and exploit natural resources. • Reducing fossil fuel usage decreases the effects of climate change, reduces oil dependence costs, increases energy sustainability and saves you money. • Making changes in your daily routine to reduce your fuel consumption • Conservation of natural resources is the need of the future generation • Identifies feasible and cost-effective measures that have the potential to reduce potentially significant negative environmental impacts to acceptable levels.

Environmental Awareness on Fuel Consumption

Date: 14/12/2018
Time: 10:00 AM

The main sources of fuel consumption

Production
waste from various industries, agricultural machinery, etc.

Transport
waste comes as a result of the transport of machines and vessels

Household
recycling of household waste & burning fuel for heating

We need to reduce

FUEL CONSUMPTION

How to make the air cleaner or reduce fuel?

01 To use some of the green energy sources like solar, wind, etc.

02 Reduction of industrial emissions

03 Switching to alternative fuels

04 Reduction of chemical and insecticides in agriculture

05 Waste disposal systems

06 Use of alternative energy sources
